

Mightier Customizable USB Keypad

Much like the rest of the Mightier product line, the Mightier programmable keypad is of a robust and reliable design built to survive the rigorous use and environment of dealer rooms. Configurable keycaps and keycodes affords clients simple and economic re-configuration of the keypad to adapt to application changes and developments all while being backed by our standard one year manufacturer warranty and supported by full maintenance and repair facilities.

Overall, the new Mightier Programmable Keypad provides clients with a durable and flexible solution achieving high value for money through low cost of ownership.
